Help us collect loose parts to enrich our outdoor play

### MORE COOL IDEAS:

- Serving platters, baking trays, baskets
- Dress-up clothing
- Kitchen pots, pans, lids, pitchers, bowls
- Whisks, spoons, spatulas, strainers
- Rope, chalk, pine cones, stones, leaves
- Watering cans, spades, shovels, trowels, dirt
- Straw bale, shells, sand, branches, logs
- Hoses and piping: PVC pipes, pool noodles

### LOOSE PARTS TIPS:

The goal is to have 400 loose parts for play sessions of about 100 children (ratio of 4: 1).

You want the playground to be enriched with lots of choice and inspiration.

Encourage every student and teacher to bring in at least one loose part.
